

## Why become a Fine Arts Patron?

Fine Arts Patrons are active members of the Heritage Christian School community who desire to promote the arts through participation in the program as well as provide financial support.

By becoming a patron you are aligning yourself with the vision of the program and promoting its continued growth and development.

## How have contributions helped the Fine Arts Department?

The Patrons program has helped the Fine Arts Department purchase multiple items, such as school owned instruments, stage lighting, sound equipment, curtains, and other larger items that are not covered through the school's budget. It is our goal to continue to provide excellent programming that is beneficial to the students and teachers, and glorifies God!

### GOALS:
